Hairpin Lace Loom

Crochet Hook

Tricks of the trade:

BASIC DIRECTIONS

STEP 1: Remove cross bar from bottom of crochet loom. Loom is held with round end up (or remaining bar up if adjustable loom). With crochet hook make a very loose chain stitch. To make chain stitch, hold end of yarn in left hand between thumb and index finger. Wind yarn around index finger and cross it over the short end forming a loop. Holding the crossed yarns between thumb and index finger insert hook and pick up a loop from ball end of yarn, pull through loop on finger forming a chain.

STEP 2: Remove hook and slip this stitch on to the left prong of loom. Replace cross bar. Pass yarn around right side of loom and across back. Insert hook into chain stitch and pull knot to right until knot is in center of loom. With hook, pick up yarn and pull it through loop.

STEP 3: Chain one.

STEP 4: Turn loom from right to left toward you, removing hook and putting it back in stitch on the other side or passing the shank of the hook through the loom. Pass yarn around the right prong. With hook in remaining stitch, pass hook under the front of the loop on the left-hand prong. Pick up yarn and bring through loop — two loops on hook.

STEP 5: Pick up yarn and pull through both loops.

STEP 6: Repeat steps 4 and 5 until you have desired number of loops.

When a pattern calls for a certain number of loops, it means you must have the designated number on *each* side of loom. 50 loops mean 50 on the right and 50 on the left.

When loom is filled and you still want a longer strip, slip bar from bottom of loom and slip off all but 3 or 4 loops on each side of loom. Replace bar and roll up loops that have been removed and fasten with a 4½ inch stitch holder to back of work to prevent stretching.

When fastening off, always leave at least an 8-inch strand of yarn at each end of strip. At the end of strips you are joining, thread the end of yarn on a yarn needle from the side where you wish the loop to lie. Bring yarn over loosely and thread it through the loop twice. Now bring yarn back to center of strip loosely and weave through center of strip. This avoids the use of extra little strands of yarn to fasten each final loop.

When joining multiple strips by drawing loops through loops, always start at the same end of each strip and always work on the right side.

In making an article which calls for a large number of loops, use Susan Bates or Marcia Lynn stitch count markers on the prongs of the loom to keep track of loops.

Gauge: Measure the number of single crochets per inch at one side of center of strip. If you do not have enough stitches per inch change to a smaller crochet hook. If you get too many, change to a larger hook.

(Use adjustable loom
adjusted to 4-inch width)

Crochet Hook J-10

4 Ply Knitting Worsted -
24 ounces White
20 ounces Purple
20 ounces Blue
or colors of your choice

Yarn is used double. Each loop has two strands of yarn but is still called a single loop.

Edgings on both afghan and pillow are made on a 3-inch loom, even though the afghan is made on a 4-inch.

AFGHAN: With 4-inch loom and J-10 crochet hook, make strips of 130 lps each on each side of loom as follows: 6-purple, 7-blue, 12-white.

To join: Starting with blue strip, join to white strip (as per instructions below), then join to purple strip, then to white . . . continue thus for length of afghan, ending with blue strip.

Join loops by pulling 2 lps through 2 lps, always starting at the same end. When all strips are joined, weave in all ends, and finish as follows. Finish sides of afghan by pulling 2 lps through 2 lps. Fasten last 2 lps securely. Attach double yarn at corner, and working along ends, sc in corner, * ch 2, sc in next lp. Repeat from * across, ending ch 2, sc in corner st. Ch 1, turn.

ROW 2: Sc in first st. Then work * 2 sc in ch 2 space, sc in next sc. Repeat from * across. Fasten off. Work other end of afghan the same way.

EDGING: With purple yarn and 3-inch crochet loom, and working on one side of loom, make 2 strips each of 200 lps, and 2 each of 150 lps.

To Make Edging: Edging is worked in the same way as regular strips, but instead of working the single crochet down the center of the loom, it is worked close to one prong. This will make the loops on one side of strip longer than the other. With J-10 crochet hook, and working on smallest loops, pull 2 lps through 2 lps all the way across each strip. If you prefer, the long loop may be cut for a fringe effect.

Sew the longer strips to the sides, and the shorter ones to the ends, easing them around the corners, keeping them flat.

PILLOW:

Make 18 strips each of 42 lps each side as follows:

6 — blue
4 — purple
8 — white

Join by pulling 2 lps through 2 lps as follows: Starting with blue strip continue with white, purple, white, blue, white, purple, white, blue, blue, white, purple, white, blue, white, purple, white, blue. When all strips have been joined, join the first strip to the last. Weave in all ends. Slip pillow form in and sew both ends.

EDGING: With purple yarn and 3-inch crochet loom and working on one side of loom, make a strip of approximately 200 lps, or enough to go around pillow. Finish short loops by pulling 2 lps through 2 lps, and sew to pillow.

MARCIA LYNN*

3-inch Hairpin Lace loom
Crochet Hook J-10
Pom-Pon maker

4 ounces 4-ply Knitting Worsted for TAM
8 ounces 4-ply Knitting Worsted for SCARF

Gauge: 3 sc = 1 inch at center of strip.
Yarn is used double. Each loop has two strands of yarn but is still called a single loop.

TAM: Make hairpin lace strips as follows:
1 strip of 30 loops
2 strips of 60 loops
2 strips of 90 loops

FIRST STRIP (30 lps) : Thread a piece of yarn through all loops on one side of strip and tie yarn tightly forming a circle. Attach ends at center of strip together. Attach second strip (60 lps) by pulling 2 lps of second strip through 1 lp of first strip with crochet hook, 1 lp of first through 2 lps of second, until all loops are joined. Fasten end, and sew center ends of strip together. Starting each strip in a different place, join 3rd strip (90 lps) by pulling 2 lps of second strip through 3 lps of third, and 3 lps of third through 2 lps of second, all around. Fasten. Join fourth strip (90 lps) by pulling 3 lps through 3 lps, all around. Fasten. SCARF: Make 4 strips each of 150 loops. Lay two strips side by side on a table. Keep in mind that each loop has two strands of yarn but is still called a single loop. Put crochet hook through first 2 lps on first strip. Now put hook through first 2 lps on second strip and pull them through the 2 lps already on hook. With these 2 lps still on hook, pick up the next 2 lps on first strip and pull them through. Continue in this manner, alternating first and second strips, until all loops have been worked. Fasten off as shown in basic directions. Join 3rd to 2nd and 4th to 3rd strip in same manner as above. Finish outside edges by pulling 2 lps through 2 lps all the way to the top.

TO MAKE FRINGE: Wrap yarn around a six-inch cardboard 96 times. Cut at one end. Each piece should measure 12 inches. Take 6 strands and fold them in half. Pull folded end through work with crochet hook, drawing it through about 2 inches. Then pull the 12 loose ends through this loop, and pull until knot is formed. Space them — 2 at each end of each strip, making 8 at each end. Scarf may be made wider by adding more strips.

When pieces are all joined, fold over at shoulders, and join side fronts to underarm strips. Work a row of sc around armholes, working 3 sc in each ch-4 chain, and 10 sc across underarm. Work 2 more rows, working 1 sc in each sc. Work sc around outside of vest as follows: Starting at lower right front, work 4 sc in each ch-4 chain (skipping the ch 1 which forms the cluster), 6 sc in each ch-6 chain, 4 sc in each ch-4 chain down left side, 3 sc in corner cluster st, 6 sc in each ch-6 space across bottom, and 3 sc in lower cluster st on right front. Work 2 more rows of sc, st for st, working 3 sts in each lower corner. If desired: Make a chain 40 inches long for closing.

BABY BLANKET

Materials required:

SUSAN BATES*

or

MARCIA LYNN*

Crochet Hook F–5
Lightweight Sport Yarn 8 oz.
3-inch hairpin lace loom
GAUGE: 5 sc to 1 inch.
NOTE: Yarn is worked double throughout. Each loop has two strands of yarn which will be referred to as a SINGLE LOOP.
Make 24 strips of 120 SINGLE LOOPS on each side of loom. Join SINGLE LOOPS by pulling 2 SINGLE LOOPS through 2 SINGLE LOOPS always starting at same end and working from right side. Fasten last 2 SINGLE LOOPS securely. Finish sides by pulling 2 SINGLE LOOPS through 2 SINGLE LOOPS. Weave in all ends.
EDGING — Make a strip of hairpin lace long enough to go around all four sides of blanket allowing a little extra for fullness at corners. It is better to have too much as it can be pulled out. Finish one side of this strip by pulling 2 SINGLE LOOPS through 2 SINGLE LOOPS. This side will be sewed to the edge of the blanket. Leave SINGLE LOOPS on the other side loose to form fringe. This may be cut if desired.

Crochet Hook D-3

1 Pack "Bone" rings - size desired

2 Yards Velvet Ribbon

4-ply Knitting Worsted - 1 ounce

Working tightly, work 30 sc around first bone ring and join with a sl st. Without breaking yarn, work 15 sc in next ring (to cover half) and continue to work 15 sc in each ring until 19 rings are joined. Work 30 sc in last ring (20th), and then working down the other side, work 15 sc in each ring (to cover other half) until all rings have been covered. Weave in end of yarn. Slip ribbon in and out of each ring, leaving end on each side long enough to make a bow. Belt may be made longer or shorter by adding or subtracting rings in multiples of two. Always use an even number of rings.

Covered Buttons

When making covered buttons, always use the smallest crochet hook possible for the yarn you are using. Work should be firm to make a neat button. Also, the cover should be a very tight fit. Lay yarn on table and make a double loop. Pick loops up, and insert crochet hook, and bring through a loop from ball end of yarn. Ch 1 to secure loop. Work 6 sc in loop. Pull short end until hole is completely closed. Fasten this end off.

Round 2: Work 2 sc in each sc around.

Round 3: * Work 1 sc in first sc, 2 sc in next sc. Repeat from * around (18 sc). If you are covering a larger button, continue to increase 6 sc in each round until piece is size of top of button.

Work one round even. Insert button mold and work around in sc, decreasing 6 st each round until mold is covered as much as possible. Break off, leaving an eight-inch length of yarn. Thread this on yarn needle and weave around final edge, pulling in tightly. Fasten off.

Button Rings

With crochet hook, work as many sc around plastic ring as needed to completely cover ring. Break off, leaving a 10-inch strand of yarn. Thread this strand on a yarn needle and work in and out of every other stitch around outside of ring. Carefully pull yarn until all sts are turned to inside of ring. Fasten off. On larger rings where one row will not fill up center, work a second row around, making a sc in every other stitch before breaking off.

For a more decorative button, sew a rhinestone or colored stone to center of button.
